A Word to "Union Democrats"

Taking it for granted with all charitable intent, [illegible] those claiming to be "Union Democrats" are in favor of restoring the Union at all hazards, and only differ with the Administration upon questions [illegible] policy, we wish to call their attention to the [illegible] they have assumed as co-operators with Jeff Davis and his perjured hordes in the estimation of the rebels themselves For that purpose we [illegible] a paragraph from the Atlanta *Register*, a paper more than any other reflecting the rebel sentiments of the Confederate party in Georgia Here is the paragraph

[illegible] President Pierce, Seymour of Connecticut, Vallandigham, Reed Wood, Richardson and Hunt [illegible] others, are as hostile to the war as they are to Black Republicanism These men are doing [illegible] direct service They are not openly and [illegible] our friends, nor could we reasonably ask [illegible] We confess our faith in their politi[illegible] We confess our confidence that these men will eventually see the whole truth and embrace all its conclusions We can gain nothing by [illegible] them We may lose much by pre[illegible] front to their peace movements. [illegible] *under the same Government we never* [illegible] *while, if they will use the ballot box* [illegible] *while we use the cartridge box, each* [illegible] *be a helper to the other, and both co-operate* [illegible] *accomplishing the greatest work which the country* [illegible] *continent have witnessed!*

[illegible] how many professedly Union Democrats—[illegible] think they are in favor of prosecuting [illegible] even to the last dollar and last man if it can be done on 'constitutional' grounds—have we heard defending and sustaining these same hypocrites [illegible] villains in their infamous proceedings against the peace and safety of the country How many men who desire to pass for intelligent and faithful men in the community—as good citizens—[illegible] declare that Vallandigham is loyal, and they will support the ticket he and his rebel friends nominate at Chicago Will these Union men stab their country through the ballot-box, as a [illegible] of the rebel bayonet? Will they use the ballot box against Lincoln while we (the rebels) use the cartridge box? Will they thus give aid and comfort to those who solemnly declare never [illegible] same Government with them and [illegible] Union men? Let professing Union men [illegible] from among such companions, [illegible] openly avow themselves traitors

Nevada [illegible] Constitutional Convention closed its labors shortly after midnight on the 28th of July A memorial [illegible] was passed asking for an addition [illegible] on the Eastern boundary The Constitution as a whole was adopted with but [illegible] votes, was framed with much [illegible] discussed, and is an enlightened instrument There is, however, reason for serious [illegible] whether it will be accepted by the people, as many are [illegible] to accept the conditions of a sovereign [illegible] for the gratification of a few office-holders [illegible] That Territory is about passing an [illegible] dishonest officials, of whom [illegible] are a great number The Judiciary [illegible] the present moment is receiving a large share of public attention It is openly charged that Judges have sold decisions, thereby [illegible] to the detriment of justice and the outraging of private rights The territorial press and people are alive to these iniquitous proceedings, and appearances indicate an uprising of the masses in [illegible] of law and justice It is a fearful alternative but if there be no other, who shall say [illegible] wrong?

Scientific Exploration of our Mines.—We are glad to learn from the Los Angeles *Star* that [illegible] Silliman, Jr., who seems to have gained [illegible] reputation for scientific attainments, is soon [illegible] the mining regions of the interior, for the purpose of collecting material for a work he has in contemplation He has recently visited the different vineyards, farms and mines of interest about Los Angeles, and was soon to start southward on his tour of observation.

Shooting Affray on Bear Creek.—The Oregon Sentinel of the 6th says that a shooting affray occurred about five miles from Jacksonville on the 2d inst, between Henry Billenbrook and John Dobinger, in which the latter assaulted the former with the butt of a horse whip, and received one shot in each arm and one just grazing the neck He was arrested, and after a trial of two days duration was fined $50 and costs for an assault, and put under $500 bonds to keep the peace.

A Failure.—The Richmond *Examiner* of June 23d in expressing their disappointment at their "navy" not attacking the Yankee Monitors, says

Our people have learned to expect little from our iron clads, and naval affairs occupy very little of public attention.

The Oregon *Sentinel* says that Henry Denlinger, Esq, who has been connected with that paper for three years, left last week for San Francisco, to seek his fortune in a new field of labor J M Sutton, Esq, is now editor of the *Sentinel*.

Sold.—The ship *Aquila*, which sunk at her wharf in San Francisco with the sections and furniture of the monitor *Comanche* in her hold was recently sold with all her appurtenances for the small sum of $4,853 50

Brig Gen. Joseph P Taylor, Commissary General of the United States Army, who died at Washington recently, was the youngest brother of the late Major General and President Zachary Taylor

The *Alta* says that Eastern gamblers are making heavy raids upon the faro banks of San Francisco. One was cleaned of sixteen thousand dollars a few nights since

The Fremont Convention at Cleveland is now called a "wool gathering

The Owyhee Indian Expedition.—Through the kindness of P C Sterling Esq, Boonville agent of Blake & McCommons express we are enabled to furnish the following particulars of the operations of the party that left Boonville on the 10th, to chastise the Indians and revenge the death of M. Jordan—already noticed in our columns—and if possible, to recover the stolen stock, 134 men reported themselves and were formed into five companies, commanded respectively by Capts E Bohannan, J Smith, —— Hugan, S Fry and Sands. W. B Smith was chosen Col, S Fry, Lt Col and the whole command moved directly to the old battle ground Here they found the remains of the unfortunate Jordan mangled and horribly mutilated in all ghastly forms that savage ingenuity could invent, both of his legs had been cut off at the knees, his arms at the elbows scalped and the skull cut open with an ax, sharp sticks were also run through his body, the bowels torn out, and the body partly burned After disposing of the mangled remains, the party moved on, following the trail of the savages which they had taken much pains to disguise On the 10th they came upon the Indians in a deep canyon, and engaged them in battle about 4 o clock P. M The Indians took a strong position in two caves at the mouth of the canyon.

After killing several of them, the balance retreated into one of the caves and were charged upon by the whites In this assault two of the most excellent citizen soldiers lost their lives, viz James Carroll and Jonas Fogal, who fell doing duty In this engagement, 36 Indians were killed several others wounded, and Jordan's scalp, spy glass and spurs recaptured. Having accomplished all that appeared possible under the circumstances, the heroic impromptu regiment, after getting possession of some 20 of the horses stolen by the Indians from Jordan valley and a number of buffalo robes skins blankets and Indian scalps, marched direct to Boonville, where they arrived on the 27th and proceeded to sell the trophies at auction for the benefit of those who had been the greatest sufferers from the depredations of the savages Our correspondent says that they presented as they entered Boonville quite a warlike appearance, with their guns and horses rigged and decorated in Indian style —*Boise News*

The Postal Money Order System.—The law on this subject, passed by the recent Congress, authorizes the Postmaster General to establish a money order system at all post offices that he may deem suitable which shall be designated 'Money Order Offices' It shall be the duty of the postmaster at every such office to issue, according to a prescribed form, an order for a sum of money payable at any other similar office desired by the applicant, the sum specified being first deposited with the post master The order must be on a printed or engraved form, and no order shall be issued for less than one nor more than thirty dollars, for which fees shall be paid, as follows

For an order for one to ten dollars, ten cents, more than ten and not exceeding twenty dollars, fifteen cents exceeding twenty dollars, twenty cents An order may be recalled for correction or modification, and another issued on the payment of another fee Money deposited may also be recovered on return of the order Any order not presented for payment within ninety days after it is drawn, becomes invalid, but another order may be issued on payment of a second fee. Duplicates may be issued for orders lost, if the party losing make oath to the same, and the postmaster by whom it was payable certify that it has not been paid The person to whom the money is to be paid may direct it to be paid to another person, but no second transfer is lawful Postmasters at money order offices may be allowed by the Postmaster General, as a compensation for the issuing and paying of money orders, not exceeding one third of the whole amount of fees on money orders issued, and, at the option of the Postmaster-General, one eighth of one per cent on the gross amount of orders paid at their offices; provided the act of March 3, 1825 is not infringed thereby The penalty for forging money order is imprisonment and hard labor for not less than three nor more than ten years, and a fine not exceeding $500 —*Boston Journal*

Bishop Kavanaugh.—The *California Christian Advocate*, an able Methodist organ, thus comments upon the recent arrest of Bishop Kavanaugh

The nation is on trial for its life Its agents are, if true to their inestimable trust, bound to the utmost sagacity, vigilance, promptitude, energy They must, sustained by the loyal people, save the nation and the Government at all and every cost What, then, if one or one thousand citizens, be arrested on report of disloyalty? Temporary personal inconvenience is realized, but the vigilance and purpose of the authorities are manifest; and if those arraigned are able to clear themselves of treasonable complications, utterances and acts, it is well, if they are not the arresting hand has been stretched out none too soon We may deplore the fearful exigence that is upon us But it is here, and the intelligent and practical appreciation of it is the duty of the hour We believe that the commanding general of the Department of the Pacific is quite alive to the responsibilities of his post, and the arrest of Bishop Kavanaugh, upon mature reflection, will go far to assure all parties that we have a chief military officer among us, who, with intelligent and balanced purpose, will execute the duties of his post however delicate and difficult Calm and candid men, and the bishop among them, will respect him for his official fidelity, while those who are disposed to overt hostility against the Government will be exercised by wholesome apprehension. Individual convenience, and liberty even, are as nothing against the Nation's life Such, we dare hope, will be the effect of this arrest

Railroad Meeting in Columbia County.—At a meeting of the citizens of Columbia County, held at the Court House in St Helens, on Saturday, Aug 6th, for the purpose of considering the question of the contemplated railroad from California to some point on the Columbia river, Hon B D Stevens was called to the chair and B. M Watts elected Secretary

Upon motion Messrs C G Caples and Nelson Hoyt were elected delegates to attend the annual meeting of the company in this State this fall

United States Sanitary Commission.—We have received for publication the following letter which explains itself

United States Sanitary Commission,
Virginia City, July 26, 1864

W H Troup, Esq, Representing Ladies Vancouver Sanitary Aid Society

Dear Sir—My secretary sends me an account of the receipt (in my absence on the business of the Commission in Nevada Territory) of a draft on the Assistant Treasurer of the United States at San Francisco, of $800 for the benefit of our sick and wounded soldiers I have almost exhausted my powers of expression in recognizing the unwearied efforts of the Ladies' Aid Society of Vancouver to uphold the cause of the Nation and solace the sufferings of those sickening or bleeding in its behalf Distant as your corner of the country is, it is evidently animated with a warmth of patriotism which could not be exceeded if you were at the very centre of the land May your glorious Territory ever continue worthy the precious name it bears! Express to the "noble women, not a few," whose labors and zeal you represent my deep sense of their persistent zeal and unselfish labor; and believe me cordially and faithfully yours and theirs

Democratic Freebooting.—Alluding to the late robberies the Amador *Ledger* says

Copperhead Democracy has added another page of infamy to its otherwise infamous record In the campaign of '61, one of their orators declared on the stump, in this town that twenty thousand desperate men were not to be trifled with, intimated that in the event of Copperheadism being defeated at the polls, civil war would be inaugurated in California, for, said he "twenty thousand desperate men armed with a box of matches will create a conflagration from San Diego to Siskiyou"

The Freedmen.—We have been handed for publication the following report upon the subject of the Freedmen, which was adopted at the General Conference of the Methodist Episcopal Church

Your committee would respectfully submit the following statement and resolutions

In the present struggle of our country for nationality, liberty, and law, God manifestly is causing the wrath of man to praise Him A rebellion begun in the interests of American slavery—a ruthless war prosecuted by rebels for the extension and perpetuation of this "sum of all villainies"—is now certain to cause its overthrow and extinction and prepare the way for the elevation of the people it has so long crushed and degraded

The national policy fully inaugurated January 1, 1863, by the Proclamation of Emancipation—a measure the government was providentially led to adopt—is producing results which philanthropists, patriots, and Christians everywhere must regard with profound interest Under it our every success becomes a triumph of humanity and freedom. As the Union forces have advanced, reclaiming territory in Virginia, along the Atlantic coast on the shores of the Gulf and in the valley of the Mississippi, multitudes of slaves, hailing their jubilee, have sought and found refuge under our flag These multitudes are augmented by every advance of our lines

The whole South is so impoverished by the war that these freedmen women and children—come to us in a condition of wretchedness and suffering By order of our government they are collected into camps and supplied with food But they have other pressing wants, only to be relieved by benevolent efforts in their behalf This work of charity has given rise to the societies comprised in the "United States Commission for the Relief of the National Freedmen" and others co-operating therewith organized to aid the government in supplying the physical wants of this people and to establish schools among them, and send them teachers and books and thus by elevating prepare them for the privileges and duties of freemen The government accepts this co-operation furnishes transportation for goods and books, and where practicable, supplies the teachers with rations

These people are proving themselves worthy of the efforts made in their behalf Amid all the suffering incident to their transition from slavery to freedom there is much to assure our hopes The able bodied men enlist as soldiers or engage as laborers either in the national service or with private parties even the women and boys able to work find employment These soldiers have vindicated their bravery These laborers are supporting themselves by compensated labor. As soon as their most pressing physical wants are relieved they ask for teachers and books This appeal comes from every freedmen's camp, and leased plantation and colored regiment They welcome their teachers as the best among their benefactors, they receive books, so long withheld from them, as though they were the pledge of every restored right Whether old or young, they study with eagerness and learn with rapidity even amid their privations, and many are animated in their efforts by the hope of reading the Holy Scriptures for themselves At several points they have been organized into quiet, orderly, and thrifty communities Wherever properly cared for they may soon become qualified for the blessings and responsibilities of freedom

But dwarfed by slavery, they, as a race, are children subject to become victims of the harpies and avaricious To make their freedom a blessing, our government must foster them, and protect those laboring for their relief and elevation until they acquire habits of economy, self-reliance, and self government, and are inspired with respect for marriage, the family and home They are now the laborers on abandoned and confiscated plantations, leased or sold by government, their labor is, and will be required throughout the South, and they should be stimulated to industry by the guarantee of equitable compensation Some of them have purchased confiscated lands, the thrift and enterprise of all should be developed, and their interest in peaceful government cherished by encouragement to become proprietors of the soil forfeited by rebels and traitors Congress has directed its attention to this subject, and measures are now pending for the creation of a Bureau suitable to supervision and control these important interests.

The grave problem in regard to this people which has long baffled both statesmen and Christians, is being wrought out in our own day While the government is investing the neglected and despised bondmen with freedom, the way opens for Christian benevolence to throw around them those elevating influences of civilization by which they may be prepared for the higher achievements of man, and the way opens for the Church of Christ to carry to them a Gospel which, instead of countenancing their servitude, sanctions their liberty and recognizes their manhood.

Therefore, by the General Conference of the Methodist Episcopal Church, be it

Resolved, 1. That in the events which have thrown the thousands of freed people upon the humane and loyal people of the North we recognize a providential call to the Christian public for contributions for their physical relief and mental and moral elevation, and especially to the Church of Christ for the means of their evangelization

2 That the above-named associations, organized in behalf of the freed people, are engaged in a work of benevolence that we regard with special interest, and commend to the liberality of our people everywhere as worthy of their sympathy and support.

3 That the best interests of the freedmen, and of the country, demand legislation that shall foster and protect this people, and we hereby respectfully, but earnestly urge upon Congress the importance of establishing as soon as practicable a Bureau of Freedmen's Affairs as contemplated in the bills now pending.

The New Loan Bill.—The new loan bill, as passed by both houses of Congress, contains provisions as follows, viz

Authority to the Secretary of the Treasury to borrow $400,000 000 on coupon or registered bonds, redeemable at pleasure of the Government at any time not less than 5 nor more than 30 years from date, or made payable at not more than 40 years, with not exceeding 6 per cent interest in coin, payable semi annually The Secretary may dispose of his bonds either in the United States or Europe, on such terms as he deems advisable, for lawful money of the United States, or for Treasury notes, certificates of indebtedness or certificates of deposit issued under any Act of Congress He may also issue, in exchange for 7 3 10th Treasury notes heretofore issued, 6 per cent bonds All the United States paper is exempted specially from State or municipal taxation

If the Secretary prefers, he may issue in lieu of $200,000,000 of the bonds as above an equal amount of Treasury notes for not exceeding three years, or redeemable any time after three years, with interest at 7 3-10ths per annum payable in lawful money, either at maturity or semi annually, Those with interest payable at maturity only shall be a legal tender for their face excluding interest The Secretary may redeem and cancel the 5 per cent legal tender notes now out, substituting these new Treasury notes or other United States notes therefor, provided that the total amount of bonds and Treasury notes issued under this act, other than bonds issued in exchange for 7 3 10th three years Treasury notes heretofore issued shall not exceed $400,000,000, in addition to the amounts heretofore issued, *nor shall the total amount of United States notes, issued or to be issued, ever exceed* $400,000 000, and such additional sum, not exceeding $5,000,000, as may be temporarily required for the redemption of temporary loan, nor shall any Treasury note bearing interest issued under this act, be a legal tender in payment or redemption of any notes issued by any bank banking association, or banker circulated or intended to circulate as money

By a Senate amendment concurred in by the House, the exemption from local taxation is withheld from the $175 000 000 of bonds now advertised and of which over $40 000 000 have already been subscribed

Section 11 authorizes the Secretary of the Treasury to authorize the acceptance at the Sub Treasuries of temporary loans from citizens, for periods of not less than 30 days, at six per cent interest—the loans to be withdrawn only at ten days notice

The authority to issue fractional notes for sums less than one dollar is continued But the entire amount of fractional currency is limited to $50 000 000 Various additional provisions are made in regard to the details of preparing the several class of notes and bonds the punishment of forgery, etc but the foregoing statement gives all that the general reader cares to know anything about

Another Ocean Telegraph.—An ocean telegraph, with a capital of $1 250 000 has been started in England. This company proposes to provide and anchor ships near the ordinary track of vessels, each ship to receive an electric telegraph and signal stations in communication with existing systems in Europe and America, and also as safety beacons for navigation The ships are to be fitted up complete as telegraph stations and are to be provided with steam power Steam tenders capable of acting as tugs, are also to be at hand with a view to render assistance to disabled and derelict vessels The first stations selected are off the Scilly Islands and off Cape Race Newfoundland The company looks for its revenue to the conveyance of telegrams, salvage the sale of stores towage and the embarking and disembarking of mails parcels and passengers

A comical fountain statue has been designed by a Hanover sculptor Mr. Rosenthal, representing a monkey holding a champagne bottle, of which he has imprudently drawn the cork, and the consents of which he vainly endeavors to stop The champagne is represented by the different rays of the fountain bursting out in all directions.

Letter from Coppei.

Coppei, W T, July 28th, 1864

Editor Oregonian

The letter written by me and published in your paper of the 15th inst has created quite a sensation among the Copperhead fraternity in Walla Walla and the editor of the *Statesman* has undertaken to vindicate the two judges mentioned in my letter, by publishing a letter in the *Statesman* of the 22d inst written by one Frank P Dugan in which I wish to notice and again ask a space in your paper

The editor's man "Friday" commences in a ludicrous manner by criticising upon my christian name, which I can truthfully say that I have never dishonored, nor disgraced my fond parents who gave it to me Frank is a high sounding and good name and should have been respected and honored by the one who bears it It is by names as by birth, the bearer confers neither but the good character attached to the name is more frequently the result of commendable conduct of the bearer Intelligence integrity and patriotism made the name of George Washington immortal The want of all these virtues can never give character and dignity to the name of Frank P Dugan He challenges me to "show a single line published in the *Statesman* during the last canvass in favor of any of the Democratic candidates" &c This is all very well for this man 'Friday' to say, but it will not do for the people to believe for it is a well known and fixed fact and is generally understood in this country that the *Statesman* has been and is now devoted to the general interest of the Copperhead cause here and elsewhere He gives what *he says* is "the facts of the case" in regard to the "Confederate soldier," which may be true and it may not, coming from the source it does it is not conclusive proof that it is true and again he says that he admires the pluck of the gentleman *that refused to take the oath* That is what might be expected of Dugan, for his loyalty is not well established in this Territory

In another part of his letter he undertakes to show his *own popularity* and says "my majority over Mr Wilson who made the canvass of a good portion of the county with me this summer was 7? votes My majority is much greater this year than it was last It being last year but 11 above the highest on the opposition"

Every word of this is a lie and he knows it Mr David Wilson informs me that he never met Dugan in canvass outside of his own precinct—Upper Touchet—and he well knows, too, that Mr Wilson did not receive the second highest vote on the Union ticket, but that it was Mr. McWhirk He received but three votes less than B. N. Sexton and *less* than fifty votes of Dugan's What say you now Dugan? are not these "the fact of the case"

He seems to have a great desire to vent his spleen upon Mr A Cox, and charges him of having violated his official oath and the Constitution of the United States" The good character and high standing of Mr Cox is too well known in Oregon and this Territory for the like of Dugan to injure by assailing with his vocabulary of epithets Mr Cox resided in Linn county Oregon, about seventeen years, and during that time was thrice honored with a seat in the Legislature and again, when the State Convention met in the Spring of 1862, his name in connection with those of several other prominent gentlemen was presented for Governor, whereupon the present Governor A C Gibbs, received the highest number of votes and Mr Cox received the second highest His county having ten delegates in the Convention—as many as any one county had—gave him her entire support, first, last and all the time

Now, will F P Dugan, after being tested seventeen years be able to produce a record equal to this man Cox, whom he attacks through malice and spite for his own personal gratification? No, Dugan, such an ingrate, traitor and political outlaw as you are can never establish such a record, but you can establish one that will last many years, and you are doing it.

Now, Mr Editor, I close this by asking all my Union friends to pardon me for condescending to notice this vile creature, for I do believe that no other Union man in the county would have noticed anything that he might have said or written about them Very respectfully yours,

A Novel Instrument.—A novel musical instrument was shipped up country, on board the steamer *Wilson G Hunt* yesterday morning, and accompanied by its proprietor, who designs giving a series of melod ous entertainments at the Dalles and other p ints on the river when he will proceed to the leading mining camps and discourse the melodies of h s invention to practical miner audiences. The ins rument is simple, to the eye and the music it produces is *painfully affecting*, showing w at may be done by a crafty imaginati n This instrument is made in the form of a long narrow bo x, with some twenty small apertures on one side through each of which is extended the tail of a cat. When music is desired the performer seats himself, and by a dexterous pull of the caudle a sound is emitted from the pussy inside to accord with the note or key in harmony with the piece played, and thus there is no limit to the amount of music it is capable of producing. The legend of the violin which gives a partial account of how the harmony was captured and placed beneath its bridge to serve man in his musical ambition has nothing to do with the myth or the capture of the specimens of which this instrument is composed.

The Wood Trade.—The oldest citizen remember without being specially pressed that the present is perhaps the best period of the season for obtaining their winter's supply of wood but for the benefit of new comers among us we state the fact. We see every day teams in our street bus delivering varieties of wood to our residents, from the various harves at the saw mill as well as from the t r rear of the city and we notice that a single of horse hauls double the amount that consti l a load for four horses later in the year, when the st and slippery state of the roads, made so by the rains, renders increasing labor necessary. The arr f flat boats with maple, oak and ash wood are f much more frequent occurrence now than expected in the wet season, as the localities from whence the supplies named are obtained, are unap I le when the sloughs are dampened by a rainy weather. Now is the best time to ur wood, and prevent future frowns from an in y portment of the household, caused the efforts of the best housewives to make burn when kindled by the splinters of a load of wood

The building in question is some an a cient among us and now that it will its identity we make brief mention of it one of the settlers at which time it a tavern hotel, and afforded shelter many a hapless wanderer amid the pine for ding Since then the old house has a tenement more recently private residence, and now it is again is a public place of business, reviving an old corner. Looking the thirteen years that have elapsed destruction of that frame it seems but a but what wondrous changes have men and things in Portland within and fifty six months

Improvement on Columbia Street.—The stumps Columbia street between Front and First have been torn from the resting places where stood perhaps for generations past and on substantial foundation has been laid, preparatory to the erection of a fine residence, by Mr. of the firm of Harbaugh & Stitzel of this At the rate we are progressing in improvements our own citizens will scarcely know the city, a loitering at our corner a little out of their round

Cruelty.—Some hard hearted person yesterday a tin can to the caudle appendage of an and unsuspecting dog and turned him loose on First street near the French Laundry. The frightened dog started upon the run, yelping at every jump and attracted general observation The last we saw of him he was making good time Pine street the can still sticking fast. In the old days for items such cruelty has some apol gy.

Caught Napping.—Anthony Gilchrist went to do the side walk Sunday night and neglected to take his boots off, which procedure was not exactly in accordance with the acts ordained by the Common Council, and he was provided with a room at the Hotel de cross bar, vulgarly known as the city jail at which place he will rendezvous if he altered nes for four days and nights, in default of paying a fine in the Recorder's Court.

Boiler and Machinery.—The bark *Almond*, which finished discharging at Couch's wharf in this city last evening brought, among other articles of machinery for the upper country the boiler and engines for the new steamer building at Celilo for Mr. ates. The capacity of this machinery is sufficient for a boat 125 feet in length, with 25 feet beam

Dysentery.—For Dysentery and similar complaints of the Summer season the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane it places them in the best possible condition to resist the irritation of crude and indigestible articles of food

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. We do it as a highly palatable beverage. It is unequaled as an invigorator. In the result of the change at the mines many persons are exposed to the attacks of complaints of the digestive organs and of fever and ague. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold to contain to obtain a supply of the genuine Hostetter Bitters and he will find it a certain guard to health. MORE TRANS-CONTINENTAL TELEGRAPHS.—Both branches of Congress have passed a bill authorizing the "United States Telegraph Company" to erect a line of telegraph between the Missouri river and San Francisco, to connect with their other lines throughout the United States. The company is granted the use and occupancy of public lands on the line, not exceeding one quarter section for each fifteen miles, but no right of pre-emption is allowed. The route is allowed to be selected by the company, which is further authorized to erect a line of telegraph connecting Fort Hall, Walla Walla, Dalles City, Portland, Virginia City and Bannock City (Idaho) with San Francisco. The company is also authorized to connect with any lines built or to be built on this continent by the Russian or English Government, and are authorized, also, to enter into any arrangement with the Pacific Railroad and Telegraph Company so that the line above referred to may be taken and used as the line to be built by the railroad company. While the bill was in the House Washburne offered an amendment, which was agreed to, providing that the company should not make any arrangement with any newspaper or newspaper association which would operate to the exclusion of any other newspapers; but that all should have equal rights on the line for the transmission of news. In the Senate last night Hale objected to that amendment, saying that it was fit that an Associated Press, like that of New York, should have superior facilities for the transmission of news, but Conness replied that in California certain newspapers, forming a corporation, had made theirs a close corporation and had excluded other newspapers therefrom, though a bonus of $5,000 had been offered by parties desirous of entering the arrangement. Conness might have said, however, that the close corporation of the three newspapers referred to had no sort of influence in shutting out from the privileges of the line any applicant which the telegraph company chose to admit. It is understood that the Eastern parties who are interested in this new telegraph project are the stockholders of the Independent Telegraph Company.—*Wash. Cor. Sac. Union.*

AN ABOLITION SPEECH.—A well known Copperhead in this community, who, for convenience, we will call C——, attend our Fourth of July exercises at Live Oak. A few days since he was in conversation with a Union man, who was not present at the above celebration, when the following dialogue occurred:

"How did you like the oration?"

"Which one?" inquired C——.

"Why, Barstow's, of course. I was not aware that there was more than one oration," was the reply.

"O, yes there was; the editor of the *Mercury* made a long speech, and the d—d fool had to read the whole of it."

'Are you sure? I hadn't heard of any other speaker than Barstow. "What was the subject of the editor's remarks?"

"O, I didn't pay much attention; but he made a long abolition speech—something about all men being born free and equal, and such like nonsense."

The fellow mistook the Declaration of Independence, which, probably he had never heard before, for an abolition speech. Actual fact! and he was in sober earnest, too.—*San Jose Mercury.*

McCLELLAN AND FREMONT.—The friends of "Little Mac" and the "Pathfinder" are just now rowing in the same boat. It may disturb their harmony to recall McClellan's opinion of Fremont's military administration in Missouri. In a letter of instructions to Major-General Halleck, dated Nov. 11th, 1861, "Little Mac," then Commander-in-Chief, observed: "You have not merely the ordinary duties of a military commander to perform, but the far more difficult task of reducing chaos to order, changing probably the majority of the personnel of the staff of the department, and of reducing to a point of economy consistent with the interests and necessities of the State, *a system of reckless expenditure and fraud perhaps unheard of before in the history of the world.*" The author of the system thus branded now incites the cheers of the Copperhead with the man who denounced him as an unrivaled swindler.—*Sac. Union.*

ENGLISH BRAG CHOKED OFF.—The London Tory organs, misled by the first accounts of the fight between the *Kearsarge* and *Alabama*, began to crow over the valor of the English crew and the superiority of English guns and gunnery. The gunners were said to have been trained in the English navy. But when Semmes submitted his official report it was found that he admitted the superiority of the American guns, while the facts of the engagement proved the superior accuracy of Yankee gunnery and seamanship. It was also conceded that the *Kearsarge* was a slower vessel than the *Alabama*, and thus the charge preferred against our Navy Department of building slow ships was refuted by one of our third class vessels, which is inferior in speed to many other men-of-war that have been constructed under the orders of the Department.—*Union.*

IN POSITION.—We can no longer say that the Democracy of California has not furnished soldiers for the Federal army. H. A. Higley, formerly Surveyor General, and E. J. Sanders, formerly a resident of Sacramento, are the two rebel Majors sent to Gen. Foster at Charleston, to be placed in the front under rebel fire, in retaliation on Gen. Jones, the rebel commander at Charleston, for having put Union officers within range of Foster's guns, to frighten him into a cessation of the bombardment of that city. Higley can take a "survey" of the rebel shells as they come over from Charleston, and Sanders can keep his books. This Sanders is a son of Lewis, who died last Monday at San Francisco.—*Appeal.*

ROUGH ON JEFF.—A private letter from Jeff. Thompson, to his friends in this city, notifies them that he is to be sent to Gen. Foster, to be by him placed under rebel fire in retaliation—the rebel commander at Charleston having kept twenty Federal officers in a portion of the city which was being shelled by Gen. Foster.—*St. Joseph Herald, July 2d.*

CHRISTENING EXTRAORDINARY.—At the christening of the son of Wm. P. Tauffe, in this city, recently, there were present five generations of the family as follows: One great great grandfather, two great grandfathers, two great grandmothers, two grandfathers, two grandmothers, and father, mother and son.—*S. F. Flag.*

The new Federal Internal Revenue Tax Law imposes an excise duty of 5 per cent. on all receipts of telegraph duty, so far as the transmission of messages is concerned. Parties sending messages can therefore save their stamps hereafter, as they are unnecessary.—*Appeal.*

Solitary confinement of prisoners has been abandoned in the State prison of Michigan, on account of the evil consequences attendant upon the punishment: most of those so confined becoming hopelessly insane.

An English newspaper says that only one person ever got to the bottom of the Schleswig Holstein question, and he was a German professor, who immediately went mad.

William Smith O'Brien, the celebrated Irish patriot, died in Bangor, Ireland, on the 18th of June last.

PERUVIAN SYRUP,

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M D,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July '0, 1860, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body in the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr H. Anders & Co, Physicians and Chemists, New York.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

From the army hospital—the bloody battle-field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REEDSBURY, WIS., Sept. 16, 1864.

"* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me.
C. A. FLAUTE."

SOUTH WARSAW, O., July 28, 1863.

"* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.
EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers.

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
NEW YORK, August 2, 1863.

"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE."

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGGONER, Madrid, N. Y."

"* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.
Thy friend, ASA CURRIN, Philadelphia, Pa."

"* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV. J. S. CATHORN, Rochester, N. Y.

"* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.
SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O.

"* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY, Cleveland, O."

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway, N. Y.
etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Callisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c. all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our private United States stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.
